Academic Appointments

2020– **Lecturer in Phonetics and Phonology**, *School of English Literature, Language and Linguistics*, Newcastle University, Newcastle upon Tyne, England.

2017–2020 **Assistant Professor**, *Department of Linguistics*, University of Hawai'i at Mānoa, Honolulu, HI, USA.

2019 **Instructor**, *Linguistic Society of America Summer Institute*, University of California, Davis, CA, USA.

2015–2017 **Post-doctoral Researcher**, *Laboratoire de Sciences Cognitives et Psycholinguistique*, Département d'Études Cognitives, École Normale Supérieure, Paris, France.

11/2015 **Visiting Academic**, *Department of Linguistics*, University of Canterbury, Christchurch, New Zealand.

Education

PhD **Ohio State University**, *Linguistics*, 2015.

MA **Ohio State University**, *Linguistics*, 2013.

MA (Hons) **University of Edinburgh**, *English Language & Linguistics*, 2009.

Presentations

Invited Talks

2021 **Turnbull, R.**, *Exploring language through phonological networks: Insights and limitations*, presented at the Digital Colloquium on Cognitive Data Science, Online, University of Exeter.

2021 **Turnbull, R.**, *Prominence in lexical networks*, keynote presented at the 3rd SFB networking workshop on the Relation of Prominence, Surprisal and Information Structure, Online, Saarland University.

2020 **Turnbull, R.**, *Predictability effects and natural selection*, presented at UsePhon: The Workshop on Usage-based Approaches to Phonological Change, Online.

2019 **Turnbull, R.**, *Phonetic reduction, natural selection, and bounded rationality*, keynote presented at Rational Approaches in Language Sciences, Saarbrücken, Germany.

2018 **Turnbull, R.**, *Hidden structure in the phonological lexicon*, presented at University of Edinburgh Linguistic Circle, Edinburgh, UK.

Turnbull, R., *Modeling the phonological lexicon across multiple languages: A network science approach*, presented at UCSD linguistics department colloquium, San Diego, CA.

Turnbull, R., *Modeling the phonological lexicon across multiple languages: A network science approach*, presented at UCLA linguistics department colloquium, Los Angeles, CA.

2017 **Turnbull, R.**, *Complex network modelling of the phonological lexicon*, presented at L'Atelier de Phonologie, Structures Formelles du Langage, University of Paris VIII, Paris, France.

2016 **Turnbull, R.**, *The phonological lexicon as a complex network*, presented at Cognitive Linguistics Working Group, University of Oregon, Eugene, OR.

Turnbull, R., *The phonological structure of the lexicon: Insights from phonological priming and simulations*, presented at Psychology of Language research group, Max Planck Institute for Psycholinguistics, Nijmegen, the Netherlands.

Turnbull, R., *A cross-linguistic perspective on the relationship between context and the prosodic realization of focus*, presented at LINGUAE research group, Institut Jean Nicod, Paris, France.

2015 **Turnbull, R.**, *Explaining probabilistic phonetic reduction: Speech production, theory of mind, and conceptual unity*, presented at the New Zealand Institute for Language, Brain & Behaviour Seminar Series, Christchurch, New Zealand.

2014 **Turnbull, R.**, *Probabilistic phonetic reduction: a psychophonetic approach*, presented at the Indiana University Phonetics Literature Enjoyment Group Meeting, Bloomington, IN.

Turnbull, R., *Individual differences in phonetic reduction and audience design*, presented at the University of Edinburgh P-Workshop, Edinburgh, UK.

2012 **Turnbull, R.**, *The role of redundancy in phonetic variation: English nasal place assimilation*, presented at the MIT Phonology Circle, Cambridge, MA.

Conference Presentations

2021 **Turnbull, R.**, *A cross-linguistic investigation of dispersion in the phonological lexicon*, paper presented at Complexity and Cognition, a satellite symposium of the Conference on Complex Systems 2021, Lyon, France / online.

Antoine, V., **Turnbull, R.**, & Peperkamp, S., *Quantifying near-homophony induced by French liaison*, paper presented at Architectures and Mechanisms for Language Processing (AMLaP 2021), Paris, France / online.

2020 Clopper, C. G., Burdin, R. S., & **Turnbull, R.**, *Geographic mobility and the Northern Cities Shift in the American Midwest*, poster presented at Laboratory Phonology 17, Online.

Turnbull, R., *Morphologically-distinct homophones and coda neutralization in English*, poster scheduled at the 2020 Colloquium of the British Association of Academic Phoneticians, York, UK.
cancelled due to Covid-19 pandemic

2019 **Turnbull, R.**, *Social network simulations of sound change propagation: The role of community structure*, paper presented at the 5th Workshop on Sound Change, Davis, CA.

Turnbull, R., *Choices in abstract phonological analysis have direct consequences for psycholinguistic predictions: the case of phonological neighbourhood networks*, poster presented at Hanyang International Symposium on Phonetics and Cognitive Sciences of Language 2019, Seoul, Korea.

2018 **Turnbull, R.** & Peperkamp, S., *Using network science to quantify dispersion in the lexicon*, poster presented at Laboratory Phonology 16, Lisbon, Portugal.

Melnik, G. A., **Turnbull, R.**, & Peperkamp, S., *On the correlation between perception and production of L2 contrasts in late learners: Evidence from English-speaking learners of French*, poster presented at Laboratory Phonology 16, Lisbon, Portugal.

Holliday, J. J. & **Turnbull, R.**, *Failure to find effects of phonological neighborhood density on vowel production in Korean*, poster presented at Laboratory Phonology 16, Lisbon, Portugal.

2017 **Turnbull, R.** & Holliday, J. J., *Korean vowel articulation is not sensitive to phonological neighborhood density*, poster presented at the 25th Japanese/Korean Linguistics Conference, Honolulu, HI.

Howcroft, D. M., Johnson, C. A., & **Turnbull, R.**, *German morphosyntactic change is consistent with an optimal encoding hypothesis*, paper presented at the 39th Annual Conference of the German Linguistic Society, Saarbücken, Germany.

Turnbull, R. & Peperkamp, S., *Instability in phonological representation leads to instability in neighborhood density*, paper presented at the 91st LSA Annual Meeting, Austin, TX.

2015 **Turnbull, R.**, *Phonetic reduction in production and perception: Insights from variation in theory of mind*, poster presented at the Workshop on Individual differences in language processing across the adult life span, Nijmegen, the Netherlands.

Holliday, J.J., & **Turnbull, R.**, *Do effects of phonological neighborhood density on word production obtain in Korean?*, paper presented at the 2015 International Conference on Speech Sciences, Seoul, Korea.
